- Prepare carefully to transport to the show to avoid damage. Don't forget to include checklist, tools and any containers you are supplying.
- On arrival collect bench tickets and find a work area.
- Stage your exhibits on the show bench checking that they comply with the Schedule Eg. Have the correct section number, are neat, are in the right place, labelled and containers /pots are clean.
- Stewards are usually available to help.
- Try to have enough time to do a final check of your entries so everything is "just right" before leaving the hall at judging time.
